Incident Narrative

On September 18, 2009, at approximately 0107hrs, a serious single vehicle crash occurred in Washington Twp on Fishpond Road in the area of Cresthaven Court. Based on preliminary statements and observations, it appears that the driver of the involved vehicle was traveling at an accelerated rate and crossed over the center line on Fishpond Road. The driver then overcorrected and the vehicle went into a slide, subsequently making contact with a utility pole and a tree. The passenger in the vehicle was then ejected out of the rear window of the vehicle and landed in the roadway. The passenger was treated by emergency medical personnel and transported to Cooper University Trauma Center for treatment. As of this writing, the passenger is in critical condition at Cooper Trauma. The driver of the vehicle was not injured in the crash. None of the passenger's injuries appears to be life threatening. Charges in this matter are pending. Nothing further.
